

C I R C U L A R

It has come to the notice of the Government that Patwaries in connivance with the Forest Officials make illegal entries of 'Dabza Najaiz' in respect of Forest land and thus large Chunks of Forest land are being encroached upon. In many cases such entries have even been predated with the result the Forest Department is not able to get these entries cancelled.

It is, therefore, impressed upon all Tehsildars that they should ensure that such entries are not made in the Revenue records and whenever these are brought into their notice they should cancel these entries forthwith. Severe disciplinary action should be taken against those Patwaries and Girdhawar Qanoons who are found involved in such frauds.

Sd/-

Secretary to Government  
Revenue Department.
